

ASIA INTEGRATED CONFERENCE
ON LIFE SCIENCE

CAN INDONESIA BE A BIOPHARMACEUTICAL MANUFACTURING POWERHOUSE ?

5-7

NOVEMBER

2019

i3L Campus
Jakarta, Indonesia

ACCELERATING THE GROWTH OF THE BIOPHARMACEUTICAL INDUSTRY IN INDONESIA

KEYNOTE SPEAKERS

HELEN MCCARTHY
Queen's University Belfast
School of Pharmacy - Professor

DR. JEREMY LIM
Partner, Health & Life
Sciences Asia Pasific
Oliver Wyman

DR. DINESH KHOKAL
Director, External Affairs,
Corporate Quality, Japan-Asia
Pacific & Intercontinental Amgen
President, Singapore Chapter PDA

RACHEL ARMSTRONG
Sr Manager at Strategy
Price Waterhouse Coopers

GET 8 SKP POINTS

CONFERENCE TRACKS

1. Regulatory for Biopharmaceutical Products
2. Cell Culture & Upstream Technologies
3. Quality Control of Biologics
4. Process Development & Downstream Processing
5. Good Distribution Practice for Biologics
6. GMP Compliance for Biopharmaceutical Products
7. Emerging Therapeutic Biologics

REGISTRATION :

**Join the Pre-Conference and get 10% disc of registration fee*

Register at : <http://aicon.id>
Information : Fasya | 0878 8288 1937
Nico | 0878 2217 8985
Deadline : October 22nd 2019
Contact us : organizer@aicon.id

CONFERENCE FEES:

IDR 1.25 MIL (Student)
IDR 1.5 MIL (Academia & Regulator)
IDR 3 MIL (Public)

ASIA INTEGRATED CONFERENCE
ON LIFE SCIENCE

CALL FOR ABSTRACTS

Abstract Submission Guidelines

Asia Integrated Conference on Life Sciences 2019 is inviting students, researchers, and lecturers to submit abstracts (max 250 words) for oral (Track 8) and poster presentations. Upon abstract acceptance, oral and poster presenters are invited to publish their papers in Asia Integrated Proceeding of Life Sciences.

Submit your abstract before September 5th, 2019. Please indicate whether your abstract is for oral or poster presentation. Submit your abstract via Easy Chair to easychair.org/cfp/AICON2019.

- Authors with accepted abstract will be notified on September 19th, 2019.
- The authors need to confirm their attendance by registering on the registration page and proceed to payment by September 26th, 2019

The scope of the topics that will be accepted in the academic presentation include but not limited to:

- Biopharmaceutical drug design and development
- Clinical trials on biopharmaceutical products
- Analytical characterization of biopharmaceutical products
- Formulation of biopharmaceutical products
- Bioavailability/bioequivalence of biopharmaceutical products
- Pharmacokinetics/Pharmacodynamics for biopharmaceutical products
- Biosimilar Liquid chromatography/mass spectroscopy for discovery, preclinical and clinical trials
- Optimization process of biopharmaceutical production
- Drug delivery system for biologics product
