

Valentine's Day

XOXO

Valentine's Day symbolises warmth, connection, and emotional affection. It is a time when people gather together to celebrate relationships, make lasting memories, and exchange meaningful gestures. Embracing this spirit, a Valentine's-themed fundraising event will be staged to bring people together and make lasting memories within i3L's community.

i3L's Blood Donation

Blood Donation is an annual SCi Community Outreach event held in collaboration with PMI to help meet Indonesia's blood supply needs. The event encourages the i3L community to donate blood, support those in need, and spread kindness.

i3L GOT TALENT X CHARITY CONCERT 2026

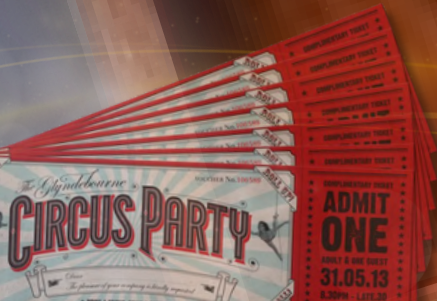

Luminara

i3L GOT TALENT 2026

i3L Got Talent (iGT) is an annual event organized by the Welfare and Community Outreach Divisions of the Student Council. It provides a platform for students, lecturers, and staff to showcase their talents while bringing the i3L community together. Through ticket sales and donations collected during the event, funds are raised and donated to people or communities in need, making iGT not only a celebration of talent but also a meaningful charity initiative.

**ETP
&
STP**

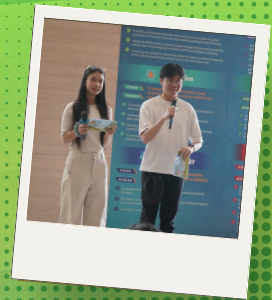

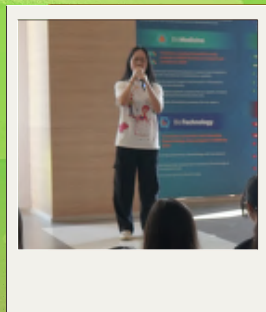

Science Tutor Program (STP) and English Tutor Program (ETP), conducted by the SCi Community Outreach Division, have successfully concluded Cycle 11. Through this cycle, the programs brought meaningful learning experiences, valuable knowledge, and joyful moments to children while supporting Sustainable Development Goal (SDG) 4: Quality Education.

i3L Cleanup Day 2026

i3L Clean Up Day 2026 is Community Outreach Division's program to raise awareness about waste issues in Indonesia while directly motivating and encouraging students to build up a good habit of keeping the environment clean. It aims to promote the good habit of not littering for the i3L community.

Satu Ritme
Satu Tujuan !!!

i3L POSTER COMPETITION 2026

The **i3L Poster Competition**, organized annually by the SCi Learning and Development Division, showcases student research and innovation. Under the theme **“From Discovery to Application: The Power of Translational Science,”** the event provided a platform for students to present their research findings and develop their scientific communication skills.

ETP &

The ETP Cycle 11 Session 9 was held at **RPTRA Rawasari Ceria** as the program's closing session. Children learned basic English topics, including numbers, colors, transportation, and road vocabulary, through interactive activities, creating a fun and meaningful conclusion to the program.

STP

Session 9

The **STP Cycle 11 Session 9** was held at **RPTRA Matahari Rawasari**. Children learned about the concept of freezing point through a fun ice cream-making experiment, providing an engaging and memorable conclusion to the program.

i3L Leadership Camp

I3L Leadership Camp is a Learning and Development Division program that introduces participants to the teamwork, responsibility, and resilience behind effective leadership, emphasizing collaboration and overcoming challenges together.
